EXHIBITOR EXPECTATIONS

Be prepared to spend the full duration at the Career Roadshow.

Bump in will begin before the event from 8.30am; make sure you can arrive earlier than the start time to ensure you can set up and store your materials. A pre-event briefing will occur at 9.45am.

We encourage you to be creative in setting up your exhibit and consider interactive elements to increase engagement of attendees.

Bring materials that will help promote your organisation; people will come with plenty of questions so make sure you can provide as much information as you can.

Consider how you support people to apply for jobs or courses on the day and support them through this process. For example, be open to receiving hard copies of résumés or course applications even if you require online applications.

Job vacancies and courses open for enrolment will be promoted on a Jobs and Course Board at the events. We will be in touch prior to the event to gather details on any jobs or courses you have on offer for promotion on the day.
